HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas. - "After my little girl was born two years ago I began suffering with female trouble and could

and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-sister told my husband if he did not do something for me I would not last long and told him to get your medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."-Mrs. G. O. LOWERY, 419 W. Mon-

Gen. Leonard Wood said in Washington, apropos of a military question: "These men, in their desire to seem thoroughly well up in the latest millitary science, remind me of the greenhorn servant.

"This servant, though really a greenhorn, took a job under the pretense of being very highly trained. Her mistress said to her the first day: 'I suppose, Jane, you can fill the

Going It Too Hard

We are inclined nowadays to "go it too hard;" to overwork, worry, ent and drink too much, and to neglect our rest and sleep. This fills the blood with uric acid. The kidneys weaken and then it's a siege of backache, dizzy, nervous speils, rhoumatic pains and distressing urinary disorders. Don't walt for worse troubles. Strengthen the kidneys. Use Doan's Kidney Pills.

A Missouri Case John M. Philips, 1219 Sullivan Ave. St. Louis. Mo., says: "I was afficied with Indiaminatory rheumatism for a long time. I had pains through my ioints, in fact all over my body and at times was so crippled I couldn't get around. In any strength of the couldn't get around. In any strength of the could me, They strengthened my kidneys, removed the pains and fixed me up in good shape."

Organization of St. Louis Motorists Has Carried Four Bond Issues in Nearby Counties.

That intelligent promotion is all that is required to build rock roads in Missouri, has been effectively demonstrated by the Automobile Club of St. Louis. Since last December the club has been largely instrumental in carrying bond issues for roads in four counties, and as many more bond issues are pending with excellent chances of carrying.

To accomplish all this the club has entirely sacrificed social features. Its twenty-three hundred members, who pay \$10 a year each for dues, consider brought temporary relief in a few hard radial roads centering in St. counties, practically the entire state Louis more important to the city and is in urgent need of rain, according to to themselves as business men than the monthly crop report of the Mis- chicken dinners and clubbouse luxsouri State Board of Agriculture, uries. Accordingly their surplus This report, based upon August 1 money is all available for the use of conditions, is as follows:

A. C. McKibben, special field repre-

Since last December he has had for road promotion \$7,000 of club funds and \$6,000 in special subscriptions. This has obtained the following remillion dollar bond issues in Wayne

Beside this work accomplished, Bollinger county will vote on a bond issue August 15 to provide a hard road to Cape Girardeau when it carries: a bond issue of 3 million dollars to start a highway eastward, and Texas, Madison, Franklin and Maries counties are all in line for bond issues.

The club has a big vision. It is working for a 365-day highway to Little Rock and Hot Springs, Ark. The Iron and Butler county gaps when filled will carry this to the Arkansas line. The road is already complete to Arcadía, in Iron county, a distance of one hundred miles

Both Hothes in the Next Legislature.

Although both candidates for gov ernor indorsed by the Missouri Antisaloon Lengue in the Republican and Democratic primaries were defeated at the polls, the drys of Missouri will come out of the primary with an assured majority in the next legislature. no matter which party carries the state next November.

The list of legislative candidates in both parties, Republican and Democratic, is not yet complete, but enough nominations are now certain to assure a dry legislature. In only a few instances will there be a dry Republican running against a wet Democrat, or vice versa. The opposing candidates are either both dry or both wet, as the district may be.

As a result of the primaries the The Rev. J. G. Hunt, 51 years old, drys claim they have increased their pastor of the Methodist Episcopal majority in the house of representachurch at Marionville, died in a tives. Co-Operative Creameries Show Tremendous Increase in Butter Production.

The Dairy Commissioner, at first annual convention of Saskatchewan Dairymen's association, reviewed progress of 1915 which shows a great increase in the butter production of the co-operative creameries amounting to 1,500,000 lbs. He also said the improvement in quality is shown by the preference accorded Saskatchewan butter in outside markets. Shipments out of the province for the year totaled 52 carloads. According to bulletin just issued by

the Manitoba department of agriculture, the dairy industry had a very successful year in 1915. There was an increase of over 1,000,000 lbs. of creamery butter produced, as against the previous year, about 260,000 lbs. increase in dairy butter and over 25,000 lbs, increase in the cheese output. The increase of the total value of milk and milk products was over \$427,000. The production of dairy butter for Manitoba during the year was 4,150,444 lbs. and it brought an average price of 23c per lb.; of creamery butter 5,839,667 lbs, were produced which commanded 29c per lb. on the average; cheese production was 726,725 lbs, which sold at an average price of 15c-the total value of these three products is given as \$2,760,698, in addition to which the milk produced is valued at \$525,650 and the cream at \$158,827, the average price of the milk being reckoned at 2.1c per lb. and of sweet cream at 32c per lb. butter-fat. In connection with the dairy industry it is interesting to note that almost the most important fodder crop now is corn, of which the 1915 production amounted to 190.132 tons. The biggest cultivated fodder crop is timothy which for last season produced 193,357 tons and the next most popular crop was brome grass with 45.815 tons; of alfalfa and clover there were produced some 38,000 tons, The number of cattle in the province is given as 631,005, which is an increase of 130,000 over the previous

The fact that the Red Deer, Alberta, cheese factory is handling four times as much milk this season as last winter shows the growing improvement in the dairy industry. On Feb. 14, it was announced the factory had just chipped two tons of cheese for Calgary

Cardston, Alberta, creamery in 1915 paid its patrons a rate of 27the per ib, for butter fat and had a profit remaining over all expenses of \$5.584. The creamery during season distribated among farmers \$01,117 and manufactured 256,000 lbs. butter and 13,000 lbs, cheese. Average price realized for

butter was 28% cents.

The development of the dairy industry of Northern Alberta is well indi- houses, etc. cated by the growth of a prominent dairy business here, which in 1915 produced 2.525,000 lbs. butter, an increase of 400,000 lbs, over the previous year. This product has found a market in all parts of Canada and this year will enter the export trade. Advertisement.

To Your Grocer-"New Post Toasties"

will bring a package of breakfast flakes with a delicious new corn flavour - flakes that don't much down when milk or cream is added, nor are they "chaffy" in the package like the ordinary kind.

These New Post Toasties are manufactured by a new process using quick, intense heat which raises tiny bubbles over each flake, the distinguishing characteristic. And the new process also brings out a new corn flavour, never tasted in corn flakes of the past.

Try a handful dry-they're good this way and the test will reveal their superior flavour. But they're usually served with milk or cream.

New Post Toasties

-for tomorrow's breakfast.

Sold by Grocers everywhere.
